

Saturday 18 November 2017

Sydney Clinical Skills and Simulation Centre  
(Offsite)

09:00-10:30	ACEM New Fellows Workshop	How to scan Set up for scanning success: the how to of ultrasound	Whole Life Health; Evidence Based Wellbeing for Doctors	Communication in the ED Session 1		09:00-10:30	Teaching Emergency Response Training in the Emergency Department Using Simulation Session 1	Management of Airway Emergencies in the Emergency Department – A Human Factors Approach Session 1
10:30-11:00	Morning Tea <i>Pymont Theatre Foyer</i>					10:30-11:00		
11:00-12:30	ACEM New Fellows Workshop	Proximal DVT Don't jump on a plane: Be DVT alert	Whole Life Health; Evidence Based Wellbeing for Doctors (cont.)	Communication in the ED Session 1 (cont.)		11:00-12:30		
12:30-13:30	Lunch <i>Pymont Theatre Foyer</i>					12:30-13:30		
13:30-15:00	ACEM New Fellows Workshop (cont.)	ECHO POSITION IMPOSSIBLE? Perspectives of the heart (includes 15 min tea break)	Whole Life Health; Evidence Based Wellbeing for Doctors (cont.)	Communication in the ED Session 2	Radiopaedia Emergency Radiology Workshop: CT Chest & Abdomen	13:30-15:00	Teaching Emergency Response Training in the Emergency Department Using Simulation Session 2	Management of Airway Emergencies in the Emergency Department – A Human Factors Approach Session 2
15:00-15:30	Afternoon Tea <i>Pymont Theatre Foyer</i>		Afternoon Tea <i>Pymont Theatre Foyer</i>			15:00-15:30		
16:00-18:00	ACEM New Fellows Workshop (cont.)	Gastrointestinal INTO THE DEEP: Bowel Ultrasound (includes 15 min tea break)	Whole Life Health; Evidence Based Wellbeing for Doctors (cont.)	Communication in the ED Session 2 (cont.)	Radiopaedia Emergency Radiology Workshop: CT Chest & Abdomen (cont.)	16:00-16:15		
18:00-18:30						18:00-18:30		

Sunday 19 November 2017								
8:00	Registration Open <i>Level 2 Foyer</i>					8:00	Sydney Clinical Skills and Simulation Centre	
09:00-10:30	Training for FACEM Supervisors	Basic Focused Cardiac Ultrasound - Cardiac Skills Australia	Learn some AGESIM (Advanced Geriatric Emergencies in Short Modules)	Trauma Masterclass Session 1 (includes a 15 min tea break)	Radiopaedia Emergency Radiology Workshop: CT Brain & Spine	09:00-10:30	Teaching Emergency Response Training in the Emergency Department Using Simulation Session 3	Management of Airway Emergencies in the Emergency Department – A Human Factors Approach Session 3
10:30-11:00	Morning Tea <i>The Gallery</i>				Morning Tea <i>The Gallery</i>	10:30-11:00		
11:00-12:30	Training for FACEM Supervisors (cont.)	Basic Focused Cardiac Ultrasound - Cardiac Skills Australia	Learn some AGESIM (Advanced Geriatric Emergencies in Short Modules)	Trauma Masterclass Session 2 (includes a 15 min tea break)	Radiopaedia Emergency Radiology Workshop: CT Brain & Spine (cont.)	11:00-12:30		
12:30-13:30	Lunch <i>The Gallery</i>		Lunch <i>The Gallery</i>		Lunch <i>The Gallery</i>	12:30-13:30		
13:00			Cultural Competency Workshop: Cutting holes in the rabbit-proof fence – (who is on the other side now?) (includes 15 min tea break)					
13:30-15:00	Training for FACEM Supervisors (cont.)						13:30-15:00	
15:00-15:30	Afternoon Tea <i>The Gallery</i>					15:00-15:30		
16:00 - 16:15	ACEM Annual General Meeting & Award Ceremony (ACEM Fellows only) <i>Pyrmont Theatre</i>					16:00 - 16:15		
16:30 - 18:00	ACEM College Ceremony Tom Hamilton Oration <i>Pyrmont Theatre</i>					16:30 - 18:00		
18:00 - 20:30	Welcome Reception <i>Starship Sydney</i> 'Welcome to Sunny Sydney'					18:00 - 20:30		

Monday 20 November 2017							
06:30 - 19:00	<b>Registration Open</b> <b>The Gallery Foyer, Level 2</b>					06:30 - 19:00	
08:30 - 10:30	<b>Opening Plenary Session</b> <b>Impossible is just a perspective: 'The wicked problems in emergency medicine'</b> <b>Pymont Theatre</b>  <b>Official Welcome to Country</b>  <b>Welcome Address</b>					08:30 - 10:30	
10:30 - 11:00	<b>Morning tea, ePoster viewing &amp; trade exhibition</b> <b>Trade Exhibition, the Gallery</b>					10:30 - 11:00	
11:00 - 12:30	<b>High stakes critical clinical care</b>  Sex differences in chest pain assessment Louise Cullen  It's all about troponin / It's not all about troponin: what's next in chest pain assessment? Martin Than  Sudden cardiac death Chris Semsarian  ECGs: what not to miss in the first 10 minutes Ed Burns  Improving Triage, Treatment and Transfer of patients with stroke in Emergency Departments: The T3 Trial Sandy Middleton  Clinical redesign: Lessons from implementation of novel chest pain strategies Louise Cullen	<b>Paediatrics</b>  Paediatrics Updates: expanding frontiers in clinical knowledge from neonates to adolescents	<b>Toxicology</b>  Hyperbaric oxygen therapy for CO poisoning Nick Buckley  Anticholinergic delirium Andrew Dawson  Digoxin poisoning Betty Chan  APAP poisoning Angela Chiew  Drug facilitated crime Naren Gunja  Illicit drug poisoning Shaun Greene	<b>Better ED systems, better ED care</b>  Configuration of a standardised approach to patients > 65 years old presenting to ED with a fall Ouday Wahbi  Is Minimal Intervention as Effective as Routine Immobilisation in Adults with an Uncomplicated Closed Neck of 5th Metacarpal Fracture? The Buddy Study. Richard Pellatt  Emergency department initiation of secondary prevention for retinal artery occlusion/amaurosis fugax following adaptation of an evidence-based treatment pathway at a specialist eye hospital. John Roche  Use of simulation to improve performance and introduce protocol changes for "code stroke". Lauren Sanders  Message in a Bottle: How evidence based medicine and a program change model were used to improve asthma management in a low income Emergency Department in Papua New Guinea.  Hand hygiene and the Hawthorne effect in the emergency department. June Yong Shin	<b>The ED where I'd like to work</b>  Integrated emergency medicine, the next frontier: Beyond process improvement towards a patient-focussed future Andrew Staib and Clair Sullivan  Optimising EDSSU function: what matters. Amith Shetty  Achieving Emergency Treatment Performance (ETP) using computer simulation of short stay unit occupancy - an App for managers. Michael Hession  Digital disruption: preparing and smoothing the path to large scale digital transformation Andrew Staib and Clair Sullivan  Creating a great working environment, quality care, and an efficient ED: why staff wellbeing is vital. Bethany Boulton  Q and A discussion	<b>Disaster preparedness</b>  Homeland security and disaster resilience - from the Australian Government to Local Councils Anthony Bergin  Australasian disasters of national significance: Kavita Varshney  Megatrends in Disaster Preparedness: David Bradt  Thunderstorm asthma: an unusual mass casualty event. Shane Curran  The 2016 Victorian "Thunderstorm Asthma" event: views from the front-line. Simon Craig  Recommendations for the Victorian Government to improve response to mass emergencies. Tony Pearce	11:00 - 12:30
12:30 - 13:30	<b>Lunch, ePoster viewing &amp; trade exhibition</b> <b>Trade Exhibition, the Gallery</b>					12:30 - 13:30	
13:30 - 15:00	<b>Tackling the wicked clinical presentations</b>	<b>Resource Stewardship</b>	<b>EM future focus: EM Demography, ED Costing and EP Revalidation</b>	<b>Diagnostic conundrums</b>	<b>Clinical Trials Committee: EM Research: How to for Novice and Early Career Researchers</b>	<b>Mentoring in EM: Workshop Session</b>	13:30 - 15:00
	Alcohol and other drugs: the bigger picture Including methamphetamines; alcohol harm reduction, prescription opiates and avoiding addiction risk in ED prescribing	Too much medicine or not enough? Social media in health Choosing wisely - flagship site experience Choosing wisely - where to from here? "Friends of science in medicine"	Revalidation The Medical Board view Joanna Flynn  CPD changes Andrew Deans  The ED of the future. Gerry Fitzgerald  Facilitated Panel Q and A	Understanding the variability in the diagnostic approach to subarachnoid haemorrhage: a qualitative study. Kevin Chu  Is shock index a valid predictor of mortality for emergency department patients?  Undetectable High-Sensitivity Troponin T in the Emergency Department. Angela Chiew and Katrin Mannes  Prevalence and nature of medication-related problems presenting to and associated with E.D. care. Simone Taylor  Ultrasound scan as the radiological modality for adult male patient suspected as acute appendicitis: how it affects patient quality of care? Qatar experience. Sherif Alkhatib  The utility of Point-Of-Care Ultrasound (POCUS) in Emergency Department : An observational study. Pournya Pourvaha	Research training and problem solving for EM researchers	The tough stuff: mentoring nightmares. An interactive workshop that explores the more difficult aspects of mentoring partnerships with a focus on challenging conversations with mentees. A number of scenarios, including mentoring overseas trained doctors, will be workshoped. Participants will be coached to develop skills in constructive conversations that support and also challenge their mentees.	
15:00 - 15:30	<b>Afternoon tea, ePoster viewing &amp; trade exhibition</b> <b>Trade Exhibition, the Gallery</b>					15:00 - 15:30	
15:30 - 17:00	<b>ACEM Foundation Lecture</b> <b>Pymont Theatre</b>					15:30 - 17:00	

Tuesday 21 November 2017						
06:00 - 08:00	Optional Wellness Activities; Bondi to Coogee Walk followed by Breakfast at 'The Bucket List' Yoga at Tumbalong Park					06:00 - 08:00
06:30 - 17:00	Registration Open <i>The Gallery Foyer</i>					06:30 - 19:00
07:30 - 08:30	Sponsored Breakfast Presentations <i>To be confirmed</i>					07:30 - 08:30
09:00 - 10:30	Plenary Session 2 <i>Pymont Theatre</i>					09:00 - 10:30
10:30 - 11:00	Morning tea, ePoster viewing & trade exhibition <i>Trade Exhibition, the Gallery</i>					10:30 - 11:00
11:00 - 12:30	Sepsis. Research, outcomes and new directions from the investigators	Ultrasound	Challenges in mental health care	Engagement and EM Education	Clinical and public health challenges	ACEM: Reporting back on EM discrimination, bullying and harassment
	The qSOFA tool has limited usefulness in screening for patients at risk of death or prolonged ICU stay. David Taylor	The State of Play in Australasian EDs - Improving patient outcomes with POCUS. Mark Rew/Mick Killian	Barriers to providing optimal care of psychiatric patients in the emergency department. Mahesha Dombagala	Feedback through the looking glass: Trainer and trainee perspectives. Victor Lee	Violence in the Emergency Department: A two centre staff survey. Pourya Pouryahya	Report from the ACEM Expert Advisory Group and Discrimination, Bullying, Sexual Harassment working group. A series of snapshot presentations and panel discussion with open floor discussion Q and A from the audience
	Charlson Comorbidity Score combined with qSOFA score to predict mortality in sepsis. Stephen Macdonald	Emergency Medicine Ultrasound Groups - Join the POCUS (R)evolution! Brian O'Connell	Risk stratification of suicide in the ED. Gregory Carter	Tele-education (Title TBC) Ioana Viad	Retrospective Evaluation of Repeated Supratherapeutic Ingestion (RSTI) of Paracetamol. Harry Egan	
	The Effect of Prolonged Tourniquet Time on Lactate Concentrations (LaTTE Study) Angela Chiew and Christine Tran	How can we ensure our trainees are better at bedside ultrasound? Lyn Johnson	Applying Mental Health legislation to your ED patient. Chris Ryan	Teamwork and communication processes among resuscitation teams using in situ simulation training: an observational study of fidelity. Jonathan Knott	Poisons Information Centre Follow Up Study. Therese Becker	
	Antibiotic timing in infants with suspected sepsis or bacterial infection in an Australian tertiary paediatric emergency department. Wei Han Lee	Co-directors/Faculties of Emergency Ultrasound in teaching hospitals - What do they do, and are they necessary? Gabry Bleicher	Principles of an ideal environment for mental health care. Mary Potter-Forbes	The ACEM Critical care airway modules. Liz Mowatt	Intentional self-poisoning - impossible to catch in current format New Zealand national registry data? Eva-Katri Kumpulainen	
	Epidemiology of sepsis and the health and economic outcomes of patients that survive critical illness. Kelly Thompson	Planting the SEEDS - Sonography Educators in the ED Tina Cullen & Carolyne Cormack	Utility of computed tomography imaging of the brain in a poisoned population presenting to the emergency department with an altered mental state. Josh Arnold	Teaching medical students: is what EPs and EDs offer under-recognised? Geoff Couser	The effect of triage areas on trauma at Christchurch hospital. Lloyd Roffe	
	Future directions in sepsis clinical management and research. Amith Shetty	Setting up a local Training Program for Registrars/FACEMs - How to do to it... and how not to do it! Scott Flannagan	Sedation for Acute Agitation in Emergency Department Patients: Targeting Adverse Events (SIESTA) Clene YL Yap	Dr. google in the emergency department. Anthony Cocco and Rachel Zordan	Effective triage in a resource-limited environment: Development and implementation of the Solomon Islands Triage Scale. Bob Mitchell and Lyone	
12:30 - 13:30	Lunch, ePoster viewing & trade exhibition <i>The Gallery</i>					12:30 - 13:30
13:30 - 15:00	Resuscitation: ECMO Masterclass	EM Workforce	Geriatric EM: more than resuscitation or restoration?	The multidisciplinary ED team - opportunities and challenges in the workplace	Education and Training Update from ACEM	EM Hacks: Change your practice? Session 1: Focus on Paediatrics
	Sean Scott, Peter McCanny, Betty Chan, Angela Chiew, Natalie Krut  1. Why ECMO? 2. Introduction to ECMO/Circuit/short video 3. Case presentations and Panel discussion a. Cardiac arrest and the use of VA ECMO b. Cardiogenic shock from poisoning and the use of VA ECMO c. Respiratory failure: eg: asthma and the use of VV ECMO 4. Questions and answers 5. Conclusion	New Fellows Survey: what you told us. Katie Moore	Collaboration through health research to improve outcomes for acutely ill older adults presenting to emergency. Marianne Wallis	Emergency department staff perceptions and experiences during the implementation of the four hour rule/national emergency access target in Australia: a social dynamic perspective. Roberto Forero	The new Selection into FACEM Training (SIFT) process. Simon Chu	Join a lively panel of experts discussing their top picks from recently published EM literature. Shortcut to the evidence: Best papers we've read so you don't have to (1) Focus on paediatrics Mary Mcaskill, Donovan Dwyer, Anna Holdgate
		A Hospital Administrator's Tale. Philip Hoyle	Assessment of the utility and acceptability of a new 'goals of care and not for cardiopulmonary resuscitation' documentation. Amber Mills and Katie Walker	Describing the experiences of social workers in a tertiary emergency department. Alex Markwell	The Training Program 2 years on - The Road Forward from the College and Trainees Perspective Peter White & Jess Forbes	
		FACEM Night Shifts - Not prime time. Richard Paoloni	End of Life Decisions are made in the Shadow of the Law. Susan Hertzberg	Improving acute cardiac and stroke treatment times by streamlining multi-disciplinary communication: Preliminary results for the PulsarATM App Pilot. Kathleen Bapat	Development of the Pre-Hospital & Retrieval Medicine Diploma. Mark Alcock & Anna Kalder	
		Staffing the ED Short Stay Unit	Exploring end of life emergencies and care for the dying elderly. Louis Christie, Bill Lukin and Ian Rogers	DEM Medicine Wise. David Hughes	New RPL policy for credit from FACEM Training Program to the EMC/EMD qualifications. Barry Gunn	
		FACEM transition to retirement: a new frontier? John Morgan	Discussion Q and A	Thunderstorm Asthma management during a Code Brown in a hospital with broad implementation of electronic prescribing and clinical documentation. <u>Simone Taylor</u> "Bare below the elbows": quality improvement project shows persistent improvement after a limited feedback intervention. David Hard	New Resources & Courses for supervisors of ACEM trainees. Lyn Johnson	
15:00 - 15:30	Afternoon tea, ePoster viewing & trade exhibition <i>Trade Exhibition, the Gallery</i>					15:00 - 15:30
15:30 - 17:00	Plenary Session 3 <i>Pymont Theatre</i>					15:30 - 17:00
15:30 - 17:00	EMUGs Central Clinical Leaders Network Meeting Time subject to change Venue to be confirmed For all FACEMs and Advanced Trainees who are providing POCUS teaching in Australasian Emergency Departments Registration launching soon via www.EMUGs.org					15:30 - 17:00
18:30 - 22:00	IEM Network Dinner					18:30 - 22:00

Wednesday 22 November 2017						
06:30 - 15:30	<b>Registration Open</b> <i>The Gallery Foyer, Level 2</i>					06:30 - 19:00
07:30 - 8:30	<b>Sponsored Breakfast Presentations</b> <i>To be announced</i>					07:30 - 8:30
09:00 - 10:30	<b>Plenary Session 4</b> <i>Pyrmont Theatre</i>					09:00 - 10:30
10:30 - 11:00	<b>Morning tea, ePoster viewing &amp; trade exhibition</b> <i>Trade Exhibition, the Gallery</i>					10:30 - 11:00
11:00 - 12:30	<b>Quality care in ED</b>	<b>PE / diagnostic dilemmas</b>	<b>Trauma 1</b>	<b>Balancing evidence and risk: advances in appropriate ED care</b>	<b>ED Crowding and Patient Flow</b>	<b>The ED where I'd like to work: Private EM</b>
	Mandatory training overload - Alice through the looking glass Stephen Gourley	Pathways for Pulmonary embolism diagnosis: current evidence Paul Buntline (20 minutes)	Trauma physicians a new concept Helen Stergiou	Validation of a clinical decision rule to rule out computed tomography of the brain in non-traumatic patients. Joshua Scott-King	Towards a 'best' measure of emergency department crowding: lessons from current Australasian practice. Peter Jones	Dividing FACEM time between Public and Private: an opportunity to avoid burnout? Georgina Hayden
	The Ulstein approach to defining Emergency Department parameters – a Global Collaboration. Melinda Truesdale and Peter Jones	Massive PE diagnosis and Treatment David Mountain (20 minutes)	Paediatric trauma update: is anything new? Joanne Grindlay	Can the introduction of a simple decision support tool reduce unnecessary ED chest x-rays? Caroline Lam	2017 Access Block Point Prevalence Study. Drew Richardson	How to set up a new Private ED Barry Chan
	Capturing procedural competency Thomas Chan	Pulmonary embolism diagnosis in pregnancy Ann Maree Kelly (20 minutes)	Use of Interventional angiography: the new surgery? Joseph Matthew	Straight Leg Elevation to Rule out Pelvic Injury Caroline Bolt	Impact of the national emergency access target on time-based and admission-related outcomes in emergency departments in NSW, ACT and QLD. Nicola Man and Roberto Forero	Scribes: All you need to know Katie Walker
	Is it impossible to avoid diagnostic error in Aortic Dissection? Perspective from cases in Emergency Medicine Events Register Kim Hansen	Use of the New Anticoagulants and associated problems? Chris Ward (20 minutes)	Interdisciplinary trauma team training K Amarakone	Potential Risk Factors for Suboptimal Pelvic Binder Placement in Major Trauma Pamela Martin-Dines	Effect of patient flow intervention on inpatient length of stay and readmission rate. Drew Richardson	The emergency department of the future: a FACEM in your pocket Dawn Floyd
	An update on the Australian Atlas of Healthcare Variation	Q and A discussion	Trauma Panscans: benefit or harm?	Analgesia in the Emergency Department: Why some patients just don't get it. David Taylor	Gaming the NZ Emergency Department target. How does it vary between hospitals, and why? Peter Jones	A Better MBS for All Australians. Michael Coglin
	Learning from Coroner's reports: a new ACEM initiative		Top 5 Trauma papers for 2017 Peter Cameron	The reliability of venous blood gas sodium and potassium. Pourya Pouryahya	The four-hour rule/national emergency access target and its impact on 30-day mortality among admitted patients: a trend analysis of record-linkage data from wa, nsw, qld and act. Hanh Ngo	Explaining the new Medicare schedule proposal Michael Ben-Meir
12:30 - 13:30	<b>Lunch, ePoster viewing &amp; trade exhibition</b> <i>Trade Exhibition, the Gallery</i>					12:30 - 13:30
13:30- 15:00	<b>Toxicological</b>	<b>EM Hacks: Change your practice? Session 2</b>	<b>Paediatrics</b>	<b>Resuscitation</b>	<b>End of life in ED: identifying the best way forward. A consultation workshop</b>	<b>Emergency Care Out There</b>
	Snake envenomation Geoff Isbister	Join a lively panel of experts discussing their top picks from recently published EM literature. Shortcut to the evidence: Best papers we've read so you don't have to (2) Focus on Everything but paed Rod Bishop, Anne-Maree Kelly, Daniel Fatovich	Paediatrics Updates: expanding frontiers in clinical knowledge from neonates to adolescents	Improving local systems in cardiac arrest response. Paul Middleton	Treatments near the end of life are often not consistent with patient wishes, prolong suffering, affect staff morale, give false hope to families and contribute to unsustainable healthcare costs.  While best practice principles proliferate, translation into practice varies. This consultation will inform feasibility and acceptability of evidence-based models of service that can deliver "a good death" and can be tested and evaluated in different settings. Magnolia Cardona-Morrell	Details TBA
	Toxic gas interpretation Zeff Koutsogiannis		Clinically important traumatic brain injuries in children's sports - a prospective PREDICT cohort study. Nita Eapen	Thoracic park (chest ultrasound) Pourya Pouryahya		
	Corrosive injury Alan Gault		A Randomized Controlled Trial of Ceftriaxone at Home versus Flucloxacillin in Hospital for Moderate/Severe Cellulitis in Children. Laila Ibrahim	Haemodynamics as a Determinant of Need for Pre-Hospital External Pelvic Immobilisation in Adult Trauma Patients David McCreary		
	Beta-blocker poisoning Colin Page		Diagnostic Accuracy Of Clinical Gestalt In Paediatric Appendicitis In Australian Emergency Departments. Wei Hao Lee	The Prevalence of Suboptimal Pelvic Binder Placement Among Trauma Patients Arriving to a Level 1 Trauma Centre. Pamela Martin-Dines		
	Intralipid use Andis Graudins		Paediatric abdominal pain: Prevalence, patterns and clinical outcomes in Australian emergency departments. Wei Hao Lee	Endotracheal intubation in the semiprone position during massive regurgitation Espen Evang		
15:00 - 15:30	<b>Afternoon tea, ePoster viewing and trade exhibition</b> <i>Trade Exhibition, the Gallery</i>					15:00 - 15:30
